Dear Parents:

Our Lady of Wisdom School is taking part in a School Travel Planning project that will help more students walk, cycle or otherwise use active transportation for the school journey wherever possible.

The benefits of more students making the school journey on foot include:

- **Increased safety**
- **Improved health**
- **Arriving alert and ready to learn**
- **Less stress, greater happiness**
- **Less pollution**
- **Reduced traffic congestion at and around the school**

Through School Travel Planning, concerned parents, principal, teachers and I will work with municipal, school district and public health officials to deal with the issues that stop our students from using active transportation.

Every single family's input is important to the success of this project. When we know what school travel choices you're making and why you're making them, we can create a travel plan that considers the needs of all our students. Please take 8 to 10 minutes to complete the following survey with the eldest child who attends this school.

Survey link: <https://www.surveymonkey.com/r/B88N627>

Survey is Available from April 1st to April 7th, 2016.

If you have any questions about the survey or the School Travel Planning project, please contact your school's travel planning facilitator at
